CITY OF LANESBORO, MINNESOTA FINANCIAL SECTION DECEMBER 31, 2018 (This Page is Left Blank Intentionally)

### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council **City of Lanesboro, Minnesota** 

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Lanesboro, Minnesota as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lanesboro, Minnesota as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows and the respective budgetary comparison for the General Fund and the major special revenues funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Honorable Mayor and Members of the City Council Page 2

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion on pages 4 through 14 and the required supplementary information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures to express an opinion or provide any assurance.

### Report on Summarized Comparative Information

The financial statements include partial prior year comparative information. Such information does not include all of the information required to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunctions with the City's financial statements for the year ended December 31, 2017, from which such partial information was derived.

We have previously audited the City's 2017 financial statements and our report dated April 27, 2018, expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2017, is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Lanesboro, Minnesota's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Honorable Mayor and Members of the City Council Page 3

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 25, 2019, on our consideration of the City of Lanesboro, Minnesota's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Lanesboro, Minnesota's internal control over financial reporting or provide and the results of the compliance.

Smith, Schape and associates, Led.

Rochester, Minnesota April 25, 2019

(This Page is Left Blank Intentionally)

As management of the City of Lanesboro, Minnesota, we offer readers of the City of Lanesboro, Minnesota's financial statements this narrative overview and analysis of the financial activities of the City of Lanesboro, Minnesota for the fiscal year ended December 31, 2018.

### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City of Lanesboro, Minnesota exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$7,984,814 (*net position*). Of this amount, \$1,088,976 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors in accordance with the City's fund designations and fiscal policies.
- The City's total net position increased by \$578,141.
- As of the close of the current fiscal year, the City of Lanesboro, Minnesota's governmental funds reported combined ending fund balances of \$968,047. Approximately \$486,504 of this total amount, or 50% is available for use within the City's designations and policies.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$260,642 or 30% of total general fund expenditures.
- The City of Lanesboro, Minnesota increased total outstanding debt obligations by \$405,000 during the current fiscal year.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the City of Lanesboro, Minnesota's basic financial statements. The City of Lanesboro, Minnesota's basic financial statements comprise three components:

- 1. Government-wide financial statements, providing information for the City as a whole.
- 2. Fund financial statements, providing detailed information for the City's significant funds.
- 3. Notes to the financial statements, providing additional information that is essential to understanding the government-wide and fund statements.

This report also contains other supplementary information in addition to the basic financial statements themselves. Additional explanation of these sections of the financial statements follows.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Lanesboro, Minnesota's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Lanesboro, Minnesota's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Lanesboro is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned, but not used, compensated absences).

Both of the government-wide financial statements distinguish functions of the City of Lanesboro, Minnesota that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Lanesboro, Minnesota include general government, public safety, public works, culture and recreation and economic development. The business-type activities of the City of Lanesboro, Minnesota include the utilities commission fund. The government-wide financial statements can be found on pages 15-17 of this report.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Lanesboro, Minnesota, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Lanesboro, Minnesota can be divided into two categories: governmental funds and proprietary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Lanesboro, Minnesota maintains twenty individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the fire fund, and 2017A Zenith/Auburn capital project fund all of which are considered to be major funds. Data from the other seventeen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City of Lanesboro, Minnesota adopts an annual appropriated budget for its general fund and special revenue funds. Budgetary comparison statements have been provided for the general fund (pages 24-26) and the special revenue funds (page 27 and pages 62 - 64) to demonstrate compliance with the budget.

The governmental fund financial statements can be found on pages 18-21 of this report.

**Proprietary funds.** The City of Lanesboro, Minnesota maintains one type of proprietary funds – enterprise funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the governmentwide financial statements. The City of Lanesboro, Minnesota uses enterprise funds to account for its utilities commission fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the utilities commission which is considered to be a major fund of the City of Lanesboro, Minnesota.

The proprietary fund financial statements can be found on pages 28-31 of this report.

*Notes to the financial statements.* The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32-54 of this report.

*Other information.* The combining statements referred to earlier in connection with nonmajor governmental funds can be found on pages 57-60 of this report.

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Lanesboro, Minnesota, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$7,984,814 at the close of the most recent fiscal year.

By far the largest portion of the City of Lanesboro, Minnesota's net position (78%) reflects its investment in capital assets (e.g. land, buildings, infrastructure, vehicles, and equipment), less any related debt used to acquire those assets that are still outstanding. The City of Lanesboro, Minnesota uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Lanesboro, Minnesota's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

| Total net position       | \$ 2,971,066 | \$ 2,541,726        | \$ 5,013,748    | \$ 4,864,947  | \$ 7,984,814      | \$ 7,406,673 |  |  |

The balance of *unrestricted net position* (\$1,088,976) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Lanesboro, Minnesota is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its business-type activities.

**Governmental activities.** Governmental activities increased the City of Lanesboro, Minnesota's net position by \$429,340.

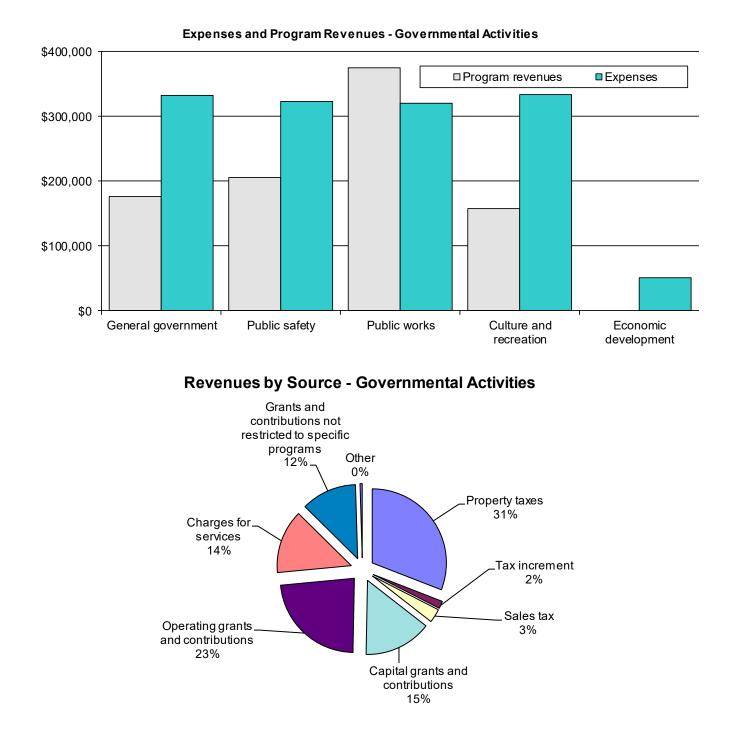

**Business-type activities.** Business-type activities increased the City of Lanesboro, Minnesota's net position by \$148,801.

A condensed version of the Statement of Activities follows:

Below are specific graphs that provide comparisons of the governmental activities direct program revenues with their expenses. Any shortfalls in direct revenues are primarily supported by property tax levy or general state aid.

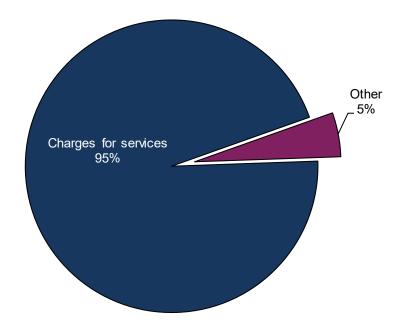

The following graphs relate the various business-type activities' program revenues with their expenses. Since all of these activities require significant physical assets to operate, any excess revenues are held for planned capital expenses to keep pace with growing demand for services.

### FUND BASIS FINANCIAL ANALYSIS

As noted earlier, the City of Lanesboro, Minnesota uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City of Lanesboro, Minnesota's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City of Lanesboro, Minnesota's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Fund balance is classified as non-spendable, restricted, committed, assigned or unassigned according to the following definitions:

Nonspendable – representing that portion of fund balance that is not in a spendable form. Included in this category are advances to other funds, prepaid items and inventory.

Restricted – reports resources that have external constraints placed upon their use.

Committed – reports those resources for a specific purpose by Council action. The constraints cannot be changed or removed without Council action.

Assigned – represents the portion of fund balance that reflects the amounts the City intends to use for a specific purpose.

Unassigned – comparable to the old unreserved, undesignated classification of fund balance, this represents the amount available for any purpose. However, only the General Fund may report a positive fund balance. Fund balance in other governmental funds will fall into one or more of the categories listed above, unless a fund has a negative fund balance.

As of the end of the current fiscal year, the City of Lanesboro, Minnesota's governmental funds reported combined ending fund balances of \$968,047, a decrease of \$73,167. Approximately \$486,504 of this total amount, or 50%, constitutes *unassigned and assigned fund balance*, which is available for spending at the government's discretion. The remainder of this fund balance is *restricted or nonspendable* to indicate that it is not available for new spending because it has already been committed 1) to liquidate contracts and purchase orders of the prior period or 2) to repay debt.

The general fund is the chief operating fund of the City of Lanesboro, Minnesota. At the end of the current fiscal year, unassigned fund balance of the general fund was \$260,642. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 30% of total general fund expenditures.

The general fund's total fund balance decreased by \$32,003 during the current fiscal year.

The fire fund increased its fund balance by \$5,393 for the year, and ended the year with a deficit fund balance of (\$58,178). The Fire department applied for and received grant funding for several pieces of equipment: UTV, gloves, helmets, and a new emergency siren for town. The items have been purchased, and grant funding was received.

Proprietary funds. The City of Lanesboro, Minnesota's proprietary funds statements found on pages 28-31 provide the same type of information found in the government-wide financial statements, but in more detail.

The unrestricted net position in the respective proprietary fund of the Utilities Commission is \$608,279.

Further information regarding utility operations can be found in the utility commissions separate financial report.

### **General Fund Budgetary Highlights**

The City approved the 2018 general fund budget anticipating minimal change in general fund reserves.

### **Capital Asset and Debt Administration**

Capital assets. The City of Lanesboro, Minnesota's investment in capital assets for its governmental and businesstype activities as of December 31, 2018, amounts to \$11,820,468 (net of accumulated depreciation). This investment in capital assets includes land and land improvements, buildings and building improvements, machinery and equipment, vehicles, roads, and bridges, and production and distribution systems. The total increase in the City of Lanesboro, Minnesota's reported investment in capital assets for the current fiscal year was \$604,124, or 5.4%.

The City of Lanesboro, Minnesota's total bonds and notes payable increased by \$405,000 during the current fiscal year. A more detailed breakdown of these obligations can be found in Note 3D, beginning on page 46.

### Economic Factors and Next Year's Budgets and Rates

• The City has been granted funding from the Minnesota Legislature to repair the 1868 Lanesboro Stone Dam in the amount of \$4,000,000. The City also has committed funding sources from the DNR in the amount of \$450,000 with a 50/50 cost share. The design has been completed and the project is due to be bid out in early 2019.

### Economic Factors and Next Year's Budgets and Rates (Continued)

- With the implementation of the .5% sales tax legislation that was approved in 2011, the City intends to continue building reserves in order to address much needed infrastructure improvements. The City is faced with aging infrastructure and will be referencing the City's Capital Improvement Plan, in order to ensure it properly addresses the current infrastructure needs.
- The City will continue to rely upon fees for services to fund various departments. These fees are assessed annually to ensure expenses being incurred are covered by incoming revenues.

All of these factors were considered in preparing the City of Lanesboro, Minnesota's budget for the 2019 fiscal year. To deal with both cycles in the economy and to plan for future capital expansion, the City routinely puts aside resources.

### **Requests for Information**

This financial report is designed to provide a general overview of the City of Lanesboro, Minnesota's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the City Administrator, Lanesboro Community Memorial Center, 202 Parkway Ave. S, Lanesboro, MN 55949.

| Fire pension liability<br>Compensated absences  | (31,540)<br>(29,230)           |    |             |
| Accrued interest  | (23,293)                       |    |             |
|   | <br>(_0,_00)                   | (  | (2,522,260) |
| Net position of governmental activities (page 15)   |                                | \$ | 2,971,066   |

### CITY OF LANESBORO, MINNESOTA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended December 31, 2018

Amounts reported for governmental activities in the statement of activities are different because:

| Net change in fund balances - total governmental funds (pages 20 and 21)   | \$<br>(73,167) |
|--|----------------|
| Governmental funds reported capital outlays as expenditures.<br>However, in the statement of activities the cost of those assets<br>is allocated over their estimated useful lives and reported as<br>depreciation expense.  |                |
| Capital outlay \$ 595,648  |                |
| Depreciation expense (218,599)   |                |
| Loss on disposal of capital asset (8,270)  |                |
|  | 368,779        |
| Revenues in the statement of activities do not provide current   |                |
| financial resources are not reported as revenues in the funds.   | 143,185        |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.  |                |
| Change in compensated absences   | 13,677         |
| Bond proceeds provide current financial resources to governmental<br>funds, but issuing debt increases long-term liabilities in the<br>statement of net position. Repayment of bond principal is an<br>expenditure in the governmental funds, but the repayment<br>reduces long-term liabilities in the statement of net position. |                |
| Principal retirement on long-term debt \$ 95,000<br>Proceeds from issuance of long term debt (100,000)   |                |
| Proceeds from issuance of long term debt (100,000)<br>Change in net pension liability (6,454)  |                |
| Amortization of bond discount (2,127)  |                |
| Change in accrued interest (9,553)   |                |
|  | (23,134)       |
| Change in net position of governmental activities (pages 16 and 17)  | \$<br>429,340  |

# NOTES TO THE FINANCIAL STATEMENTS

## NOTES TO THE FINANCIAL STATEMENTS

#### 1. Summary of Significant Accounting Policies

The City of Lanesboro, Minnesota was first incorporated in 1869. The City operates under the "optional Plan A" form of government as defined by Minnesota State Statues which prescribes a Mayor-Council form of government. The Council consists of four Council members, elected to four year terms, and the Mayor, elected to two year terms.

The accounting policies of the City of Lanesboro, Minnesota, conform to generally accepted accounting principles applicable to governmental units. The following is a summary of the more significant accounting policies:

#### A. Reporting Entity

The City's financial statements include the accounts of all City operations. The criteria for including organizations as component units within the City's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether the organization is legally separate, holds the corporate powers of the organization, appoints a voting majority of the organization's board, is able to impose its will on the organization, the organization has the potential to impose a financial benefit/burden on the City, and there is fiscal dependency by the organization on the City. Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the City's reporting entity.

Excluded – Fire Relief Association – This association is organized as a nonprofit organization by their members to provide pension and other benefits to such members in accordance with Minnesota statutes. Their board of directors are appointed by the membership of the organization. All funding is conducted in accordance with Minnesota statutes, whereby state aids flow to the association, tax levies are determined by the association and are only reviewed by the City, and the associations pay benefits directly to their members.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and all enterprise funds are reported as separate columns in the fund financial statements.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, licenses and permits, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transaction, in which the City receives value without directly giving equal value in return, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year in when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it is recognized.

Unearned revenue is recorded when assets are recognized before revenue recognition criteria have been satisfied. Grants received before eligibility requirements other than time requirements are met are recorded as unearned revenue. Grants received before time requirements are met are recorded as a deferred inflow of resources.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### D. Description of Funds

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

GASB Statement #34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures of the individual funds in the governmental fund category) for the determination of major funds. The City electively added as major funds, those which had specific community focus.

The City reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It is used to account for all financial resources except those required to be or otherwise accounted for in another fund.

The *fire fund* accounts for financial resources to be used for operating activities of the fire department.

The 2017A Zenith/Auburn Project fund accounts for the accumulation of resources for payment of the project.

The City reports the following major proprietary funds:

The *utilities commission fund* accounts for the operations a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges for services between the City's enterprise funds and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 1. Summary of Significant Accounting Policies (Continued)

#### D. Description of Funds (Continued)

Proprietary funds distinguish *operating* revenues and expense from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources when they are needed.

#### E. Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting is not utilized in any of the fund types. Encumbrances outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. There are no encumbrances at December 31, 2018.

#### F. Assets, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

#### Cash and Investments

Cash and cash equivalents consist of checking accounts, savings accounts, and certificates of deposit.

#### Inventory

Inventories are valued at the lower of cost or market by applying the first-in, first-out method.

#### Accounts Receivable

Accounts receivables are carried at original invoice. Management determines bad debts by regularly evaluation individual customer accounts receivables and considering a customer's financial condition, credit history, and current economic conditions. Trade receivables are written off when deemed uncollectible. Recoveries of accounts receivables previously written off are recorded when received.

#### Special Assessments Receivable

Assessments are levied at various times upon City Council resolution for property owner improvements made by the City. Assessment collections are deferred over periods ranging from one to twenty nine years. Revenue from these assessments is recognized as the annual installments become collectible. Special assessments receivable represent uncollected assessments, which will be collected by the County. The amount of delinquent assessments receivable are fully offset by deferred inflows of resources in the Governmental Fund Types because they are not known to be available to finance current expenditures.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### F. Assets, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

#### Prepaid Expenditures

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepayments. Prepaid items are reported using the consumption method and recorded as an expense or expenditure at the time of consumption.

#### Capital Assets

Capital assets are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). The capitalization threshold varies per category. The categories are as follows:

| Land                    | \$<br>10,000 |
|-------------------------|--------------|
| Buildings               | 20,000       |
| Infrastructure          | 100,000      |
| Machinery and equipment | 2,500        |

Donated capital assets are recorded at their estimated acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add value of the asset or materially extend asset lives are not capitalized.

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight-line depreciation is used based on the following estimated useful lives:

|                         | Years   |
|-------------------------|---------|
| Buildings               | 20 - 25 |
| Infrastructure          | 10 - 40 |
| Machinery and equipment | 5 - 25  |

GASB Statement No. 34 required the City to report and depreciate new infrastructure assets effective January 1, 2004. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the City. Neither their historical cost nor related depreciation had been reported in the financial statements prior to 2004.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 1. Summary of Significant Accounting Policies (Continued)

#### F. Assets, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

#### Property Taxes

Property tax levies are set by the City Council in December each year and are certified to Fillmore County for collection in the following year. In Minnesota, counties act as collection agents for all property taxes.

The County spreads all levies over taxable property. Such taxes become a lien on January 1, following, and are recorded as receivables by the City at that date. Revenues for property taxes are accrued and recognized in the year collectible, net of delinquencies.

Real property taxes may be paid by taxpayers in two equal installments on May 15 and October 15. Personal property taxes may be paid on February 28 and June 30. The County provides tax settlements to cities and other taxing districts four times a year in January, June, November, and December.

Taxes which remain unpaid at December 31 are classified as delinquent taxes receivable, and are fully offset by inflows of resources because they are not known to be available to finance current expenditures. These offsetting balances are not reflected in the basic financial statements because of their non-effect on current year operations.

#### **Compensated Absences**

Vacation, sick pay and compensatory overtime are accrued when earned in the government-wide financial statements and the proprietary fund types. In the Governmental Funds of the fund financial statements, vacation, sick pay and compensatory overtime are recorded as expenditures and accrued as a current liability only if they have matured, for example, as a result of employee's resignations and retirements.

#### Concentration of Credit Risk

Financial instruments which expose the City to a concentration of credit risk consist primarily of cash investments and accounts receivable. Credit risk associated with cash and investments are discussed in Note 3. The City's accounts receivable are concentrated geographically, as for the most part, amounts are due from individuals residing in and businesses located in the City of Lanesboro.

#### **Deferred Outflows of Resources**

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The City has one type and is pension related and is reported on the statement of net position.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### **Deferred Inflows of Resources**

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City recognized two types. The first type of deferred inflows of resources occurs because governmental fund revenues are not recognized until available under the modified accrual basis of accounting. The second type is pension related and reported in the statement of net position.

#### Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Net Position / Fund Balance

In the government-wide and proprietary financial statements, net position is classified in the following categories:

<u>Net Investment in Capital Assets</u> – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

<u>Restricted Net Position</u> – This amount is restricted by external creditors, grantors, contributors, laws or regulations of other governments.

<u>Unrestricted Net Position</u> – This amount is all net position that does not meet the definition of "net investment in capital assets" or "restricted net position."

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 2. Stewardship, Compliance, and Accountability

The City classifies governmental fund balances as follows:

<u>Non-spendable</u> – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual restraints.

<u>Restricted</u> – This amount is restricted by external creditors, grantors, contributors, laws or regulations of other governments.

<u>Committed</u> – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the City Council through formal action (Resolution) and remain binding unless removed by the City Council by subsequent formal action (Resolution).

<u>Assigned</u> – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. The City Council, by majority vote, may assign fund balances to be used for specific purposes when appropriate.

<u>Unassigned</u> – includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The City uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring for dollar spending. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The City has not adopted a formal minimum fund balance policy.

#### **Reclassifications**

Certain amounts in the 2017 financial statements have been reclassified to conform with the 2018 presentation.

#### Budgets and Budgetary Accounting

Each fall, the City Council adopts an annual budget for the following year. The budgets are, in all material respects, prepared on the same basis of accounting used to prepare the financial statements. Budgeted amounts for the General Fund have been presented in the financial statements.

Spending control for City monies is at the fund level, but management control is exercised at budgetary line item level within each fund. The City Council may amend the budget after it is approved using the same procedures necessary to approve the original budget. The budgetary data presented represents the approved budget as amended. All annual appropriations lapse at year-end.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 3. Detailed Notes on All Funds (Continued)

#### A. Summary of Cash and Investments

As of December 31, 2018, the City's cash and investments consisted of the following items, all of which are held in an internal investment pool:

| Deposits                   | \$<br>865,258   |
|----------------------------|-----------------|
| Cash on hand               | 75              |
| Non-negotiable CD's        | 20,321          |
| Money market funds         | <br>1,697,173   |
| Total Cash and investments | \$<br>2,582,827 |

#### Investments Authorized by Minnesota Statues

The City is authorized by Minnesota Statues to invest idle funds as follows:

- a) Direct obligations or obligations guaranteed by the United States or its agencies.
- b) Shares of investment companies registered under the Federal Investment Company Act of 1940 and whose only investments are in securities described in (a) above.
- c) General obligations of the State of Minnesota or its municipalities.
- d) Bankers acceptances of United States banks eligible for purchase by the Federal Reserve System.
- e) Commercial paper issued by United States corporations or their Canadian subsidiaries, of the highest quality, and maturing in 270 days or less.
- f) Repurchase agreements with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a reporting dealer in to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
- g) Money market funds with institutions that have portfolios consisting exclusively of United States Treasury obligations and Federal Agency issues.

#### Collateralization of Cash Deposits

The City's deposits are entirely covered by federal depository insurance or by collateral held by the City's custodial bank in the City's name.

Minnesota Statues require that all City deposits be insured, secured by surety bonds or be collateralized. Except for notes secured by first mortgages of future maturity, the market value of collateral pledged by the custodial bank must equal 110% of the deposits not covered by insurance or surety bonds.

Authorized collateral includes certain state of local government obligations and legal investments. Minnesota Statues also require that securities pledged as collateral be held in safekeeping by the Treasurer, or in a financial institution other than the institution furnishing the collateral.

#### Interest Rate Risk

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### Credit Risk

The City has no investment policy that would limit its investment choices.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 3. Detailed Notes on All Funds (Continued)

Summary of Cash and Investments (Continued)

#### Fair Value Measurement

Fair value measurements are determined by utilizing the framework established by the Governmental Accounting Standards Board. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the City has the ability to access

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by the observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, Level 2, inputs must be observable for substantially the full term of the asset or liability

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable.

The City held no investments that were required to be recorded at fair value.

#### Concentration of Credit Risk

The City places no limit on the amount the City may invest in any one issuer. Investments in any one issuer that represent 5% or more of the total investments are as follows:

|                | Investment   | I      | Reported  |
|----------------|--------------|--------|-----------|
| lssuer         | Туре         | Amount |           |
| Merchants Bank | Money Market | \$     | 1,697,173 |

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

# 3. Detailed Notes on All Funds (Continued)

# B. Capital Assets

Capital asset activity for the year ended December 31, 2018 was as follows:

| Governmental Activities                      | Beginning<br>Balance | Increases   | Decreases    | Ending<br>Balance |
|--|----------------------|-------------|--------------|-------------------|
| Capital assets, not being depreciated:       |                      |             |              |                   |
| Land   | \$ 264,500           | \$          | \$           | \$ 264,500        |
| Construction in process                      | 1,229,341            | 413,432     | 1,487,655    | 155,118           |
| Total capital assets, not being depreciated  | 1,493,841            | 413,432     | 1,487,655    | 419,618           |
| Capital assets, being depreciated:           |                      |             |              |                   |

### Tax Increment Financing

Tax increment financing was used to partially finance the construction of the Church Hill condominium development.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Other Information

#### A. Defined Benefit Pension Plans - Statewide

#### Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

General Employees Retirement Plan - All full-time and certain part-time employees of the City of Lanesboro are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

#### General Employee Benefit Plan Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature.

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2% for each of the first 10 years of service and 1.7% for each additional year. The rates are 2.2% and 2.7%, respectively, for Basic members. Under Method 2, the accrual rate for Coordinated members is 1.7% for all years of service, and 2.7% for Basic members. The accrual rates for former MERF members is 2.0% for each of the first 10 years of service and 2.5% for each additional year. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age for unreduced Social Security benefits capped at 66.

Beginning January 1, 2019, benefit recipients will receive a future annual increase equal to 50 percent of the Social Security Cost of Living Adjustment, not less than 1.0 percent and not more than 1.5 percent. For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches Normal Retirement Age (not applicable to Rule of 90 retirees, disability benefit recipients, or survivors). A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30 will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as of June 30 will receive a pro rata increase.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 4. Other Information (Continued)

#### A. Defined Benefit Pension Plans – Statewide (continued)

#### General Employee Benefit Plan Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2019; the [entity] was required to contribute 7.50 percent for Coordinated Plan members. The City's contributions to the General Employee Fund for the year ended December 31, 2018 were \$31,528. The City's contributions were equal to the required contributions as set by state statute.

#### General Employee Benefit Plan Pension Costs

At December 31, 2018, the City reported a liability of \$349,499 for its proportionate share of the General Employee Benefit Plan's net pension liability. The City's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million to the fund in 2019. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$11,452. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017, through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, the City's proportion was .0063% at the end of the measurement period and .0065% for the beginning of the period.

Post-retirement benefit increases were changed from 1.0% per year with a provision to increase to 2.5% upon attainment of 90% funding ratio to 50% of the Social Security Cost of Living Adjustment, not less than 1.0% and not more than 1.5%, beginning January 1, 2019;

For the year ended December 31, 2018, the City recognized pension expense of \$35,121 for its proportionate share of the General Employee Benefit Plan's pension expense. In addition, the City recognized an additional \$2,671 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

#### A. Defined Benefit Pension Plans – Statewide (continued)

At December 31, 2018, the City reported its proportionate share of the General Employee Benefit Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Ou | eferred<br>tflows of<br>sources | -<br>Ir | Deferred<br>Inflows of<br>Resources |  |  |
|---|----|---------------------------------|---------|-------------------------------------|--|--|
| Differences between expected and actual economic experience   | \$ | 9,531                           | \$      | 9,385                               |  |  |
| Difference between projected and actual investment earnings   |    |                                 |         | 40,757                              |  |  |
| Changes in actuarial assumptions                              |    | 30,737                          |         | 40,123                              |  |  |
| Changes in proportion   |    | 28,418                          |         | 10,871                              |  |  |
| Contributions paid to GERF subsequent to the measurement date |    | 18,381                          |         |                                     |  |  |
| Total   | \$ | 87,067                          | \$      | 101,136                             |  |  |

\$18,381 reported as deferred outflows of resources related to pensions is resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

|             | Pension   |  |  |
|-------------|-----------|--|--|
| Year ending | Expense   |  |  |
| June 30:    | Amount    |  |  |
| 2019        | \$ 17,112 |  |  |
| 2020        | (10,183)  |  |  |
| 2021        | (32,093)  |  |  |
| 2022        | (7,286)   |  |  |

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Other Information (Continued)

#### A. Defined Benefit Pension Plans – Statewide (continued)

#### Actuarial Assumptions

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions:

|                              | General Employee Plan |  |  |
|------------------------------|-----------------------|--|--|
| Inflation                    | 2.5% per year         |  |  |
| Active Member Payroll Growth | 3.25% after 26 years  |  |  |
|                              | of service            |  |  |
| Investment Rate of Return    | 7.50%                 |  |  |

The total pension liability for each of the defined benefit cost-sharing plans was determined by an actuarial valuation as of June 30, 2018, using the entry age normal actuarial cost method. Inflation is assumed to be 2.50 percent for the General Employees and Police and Fire Plans. Inflation is assumed to be 2.0 percent for the Correctional Plan. Salary growth assumptions in the General Employees Plan decrease in annual increments from 11.25 percent after one year of service, to 3.25 percent after 26 years of service. In the Police and Fire Plan, salary growth assumptions decrease from 12.25 percent after one year of service to 3.25 percent after 25 years of service. In the Correctional Plan, salary growth assumptions decrease from 8.50 percent at age 20 to 3.50 percent at age 65.

Mortality rates for all plans are based on RP-2014 mortality tables. The tables are adjusted slightly to fit PERA's experience. Actuarial assumptions for the General Employees Plan are reviewed every four to six years. The most recent six-year experience study for the General Employees Plan was completed in 2015. The most recent four-year experience study for the Police and Fire Plan was completed in 2016. The most recent five-year experience study for the Correctional Plan, prepared by a former actuary, was completed in 2012. Economic assumptions were updated in 2014 based on a review of inflation and investment return assumptions.

The following changes in actuarial assumptions occurred in 2018:

- 1. General Employees Fund
  - The morality projection scale was changed from MP-2015 to MP-2017.
  - The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Other Information (Continued)

#### A. <u>Defined Benefit Pension Plans – Statewide (continued)</u>

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class          | Target Allocation | Long Term Expected<br>Real Rate of Return |  |  |  |
|----------------------|-------------------|---|--|--|--|
| Domestic Stocks      | 36%               | 5.10%                                     |  |  |  |
| International Stocks | 17%               | 5.30%                                     |  |  |  |
| Bonds                | 20%               | 0.75%                                     |  |  |  |
| Alternative Assets   | 25%               | 5.90%                                     |  |  |  |
| Cash                 | 2%                | 0.00%                                     |  |  |  |
|                      | 100%              |   |  |  |  |

#### Discount Rate

The discount rate used to measure the total pension liability in 2018 was 7.50%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

|  | 1% Decrease in<br>Discount Rate<br>(6.5%) |         | Discount Rate<br>(7.5%) |         | 1% Increase in<br>Discount Rate<br>(8.5%) |         |
|--|---|---------|-------------------------|---------|---|---------|
| City's proportionate share of the GERF net pension liability | \$  | 567,979 | \$                      | 349,499 | \$  | 169,148 |

#### Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Other Information (Continued)

#### B. Defined Benefit Pension Plan – Fire Relief Association

The Lanesboro Firemen's Relief Association has not had an actuarial study performed. The Association believes the funding status determined using the calculation required by the Minnesota State Auditor is sufficient to determine the reportable amounts under GASB No. 68, *Accounting and Financial Reporting for Pensions*.

#### Plan Description

The City contributes to the Lanesboro Firemen's Relief Association ("Association"), a single employer public employee retirement system that acts as a common investment and administrator for the City's firefighters.

Volunteer firefighters of the City are members of the Lanesboro Firemen's Relief Association. Association members are eligible to receive a lump sum pension benefit of \$1,200 per person per year of service after reaching a minimum retirement age of 50 and at least 20 years of service in the association. Association members are eligible to receive partial pension benefits for service of 10 years with 10 years of membership in the association. These benefit provisions are consistent with enabling State statutes. Volunteers of the department are not required to contribute to the relief association. The City levies property taxes at the direction of and for the benefit of the fire relief association and passes through state aids allocated to the plan, all in accordance with enabling state statutes.

#### Funding Status and Progress

At December 31, 2016 (latest available information), the Association funding status is as follows:

| Total plan assets         | \$ 299,240  |
|---------------------------|-------------|
| Total accrued liability   | 330,780     |
| Deficiency of plan assets |             |
| over accrued liability    | \$ (31,540) |

#### Contributions Required and Contributions Made

Financial requirements of the Association are determined on a computation based on member years of service. The City's minimum obligation is the financial requirement for the year less Association investment earnings and State aids. The funding strategy should provide sufficient resources to pay relief association benefits on a timely basis.

Total contributions made by the City to the Association in 2018 amount to \$19,432 (\$15,932 pass-through of State aids and \$3,500 in City funds). The contributed amount was determined as described above and was based on the Association's requirements as of December 31, 2018.

The payments received from the State of Minnesota on behalf of the Association have been recognized as revenue and the contribution to the Association has been recognized as an expenditure in the accompanying financial statements.

The computation of the pension contribution requirements for 2016 was based on the same assumptions, benefit provision, lump sum funding method, and other significant factors used to determine pension contributions requirements in previous years.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### 4. Other Information (Continued)

#### C. Risk Management

The City is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries insurance for liability, property, and automotive insurance through the League of Minnesota Cities Insurance Trust (LMCIT). The City provides employee health insurance through a private insurance carrier.

Settled claims resulting from these risks have not exceeded the insurance coverage in any of the past three years. There were no reductions in insurance coverage in 2018.

The City participates in a group workers' compensation plan of the LMCIT, which is a public entity risk pool currently operating as a common risk management and insurance program for member Minnesota Cities. All cities participating in the plan are jointly and severally liable for all claims and expenses of the plan. The LMCIT workers' compensation plan is self-sustaining based on the premiums charged, so that total contributions plus compounded earnings on those contributions will be sufficient to satisfy claims, liabilities and other expenses of the plan. The LMCIT plan participates in the Workers' Compensation Reinsurance Association with coverage of \$1,000,000 per claim for plan year 2018. The amount of any liability in excess of plan assets may be assessed to participating Cities in a method and amount determined by the LMCIT.

#### D. Conduit Debt Obligation

To provide financing for improvements to Commonweal Theatre, the City of Lanesboro, Minnesota issued \$1,200,000 of Commercial Facility Revenue Notes dated May 9, 2006. These notes are special limited obligations of the City, payable solely from income sources of the non-profit corporation. The notes do not constitute a debt or pledge of the faith and credit of the City, and accordingly have not been reported in the accompanying financial statements. At December 31, 2018, remaining notes outstanding totaled \$630,000.

#### E. Tax Abatement – Pay-As-You-Go Tax Increment

The City may enter into tax abatement agreements as authorized by Minnesota Abatement Laws under State Statutes Sections 469.174 to 469.1794 through a pay-as-you-go tax increment financing program. Any parcel of property in the City could qualify for tax abatement under this program. The City negotiates tax increment financing agreements on an individual basis generally with the purpose of promoting economic development within the City.

The City has made no commitments, other than tax abatement, under the agreements. Under the program, the City agrees to abate real estate taxes based on the increased property value from improvements on the subject property. Generally, the agreements require 90% of the property tax increments collected to be returned to the property owner as reimbursement of certain improvement costs. The remaining 10% is retained by the City for administrative costs.

The City has one pay-as-you-go tax increment financing districts. For the year ended December 31, 2018, the City paid tax increments totaling \$34,699 related to these agreements.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council City of Lanesboro, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lanesboro, Minnesota, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City of Lanesboro, Minnesota's basic financial statements, and have issued our report thereon dated April 25, 2019.

## Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Lanesboro, Minnesota's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Lanesboro, Minnesota's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Lanesboro, Minnesota's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, finding 2017-001 described in the accompanying schedule of findings and responses that we consider to be significant deficiencies.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Lanesboro, Minnesota's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## City of Lanesboro, Minnesota's Response to Findings

City of Lanesboro, Minnesota's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. City of Lanesboro, Minnesota's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## FINDINGS - FINANCIAL STATEMENT AUDIT

#### SIGNIFICANT DEFICIENCIES

2018-001 Limited Segregation of Duties

Condition: A limited number of personnel are primarily responsible for the accounting and financial duties relating to the revenue and receipt cycle and the purchase and disbursement cycle.

Criteria: The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards (i.e., auditee management) establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. An important element of internal accounting controls is an adequate segregation of duties that minimizes the opportunities for any one individual to be in a position to both perpetrate and conceal errors or irregularities in the normal course of business.

Effect: Because of the limited size of the City's administrative staff, there is not an adequate segregation of duties.

Cause: There is a limited number of administrative staff.

Recommendation: We recommend that the City continue to segregate duties as best it can within the limits of what the City considers to be cost beneficial.

## **CORRECTIVE ACTION PLAN (CAP):**

## Explanation of Disagreement with the Audit Finding:

There is no disagreement with the audit finding.

## Actions Planned in Response to Findings:

Our City employs a limited number of individuals to provide the accounting services for the City. The City will continue to segregate duties as best it can within the limits of what it considers to be cost beneficial.

## Official Responsible for Ensuring CAP:

City Administrator Michele Peterson is the official responsible for ensuring correction action of the deficiency.

## Planned Completion Date of CAP:

The City will continue to segregate duties the best it can within the limits of what it considers to be cost beneficial.

## Plan to Monitor Completion of CAP:

Mayor and City Council will monitor this process.

## MINNESOTA LEGAL COMPLIANCE

Independent Auditor's Report

Honorable Mayor and Members of the City Council City of Lanesboro, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States the financial statements of the City of Lanesboro, Minnesota as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City of Lanesboro, Minnesota's basic financial statements, and have issued our report thereon dated April 25, 2019.

The *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that the City of Lanesboro, Minnesota failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Cities*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City of Lanesboro, Minnesota's noncompliance with the above referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.
