RE: City of Lanesboro Brush Dump

The City of Lanesboro is considering what the most ideal location for the Lanesboro Brush Dump is or could be. Consideration is being given to the existing site, as well as possible alternate locations. Site locations need to meet the requirement set forth in the DNR Burn Permit process. It would be used for residents of Lanesboro to put tree trunks, limbs, leaves, and yard waste. The tree trunks and limbs are burned periodically by following our permit guidelines from the Minnesota Department of Natural Resources and the Lanesboro Fire Department. The City Council is willing to consider a long term lease or purchase of property.

We appreciate your consideration, and welcome all ideas.

Thank you,

Lanesboro City Council
